

## Homeware - CIAP wall hangings

### Fair Trade Handmade Textiles

Handmade by **CIAP** in **Peru**.

These appliqued patchwork hangings, or 'Arpilleras' are made from discarded cloth pieces from garment industries. CIAP is a non-profit association which aims to improve living conditions and support the development of the artisan's communities. These products are made in a poor neighbourhood of Lima, by women who were displaced from rural areas during the political violence of the 1980s.
