

Homeware - Noah's Ark metal

SHARED EARTH
A Fair Trading Company

**Fair Trade
Recycled Metal**

re-made recycled...re-made recycled

Handmade by **Noah's Ark** in **Moradabad, India.**

Waste brass, aluminium and iron are recycled to make these products.

Noah's Ark was established in 1986 in response to the exploitation of poor artisans in Moradabad by exporters in the unorganised handicraft sector. A portion of their profits is used to run a school providing free education to nearly fifty artisans' children near Moradabad.
