Sandstone Buddhas

If left outdoors, these sandstone cast Buddhas and other pieces will retain their brightness for years. Eventually they will probably grow a rich living patina of moss and lichen, blending in with other garden plants (our MD comments "I've had one in my garden for 12 months – as good as new". Update Jan.22 - "still as good as new"

They can of course also be used indoors.

Tibetan Prayer Flags

Our prayer flags are made by Tibetan refugees living in India. Prayer flags are colourful rectangular cloths often found strung along mountain passes and paths high in the Himalayas. The five colours represent the five elements: sky, air, fire, water, and earth. The flags are not intended to carry prayers to a deity, rather they are used to promote peace, compassion, strength and wisdom.
