These Fair Trade candles from South Africa are perfect as gifts.

The production process is in the hands of a small team of artisans, giving them increasing self-confidence and allowing some wonderful creative initiatives to occur. In the words of an old South African proverb, "the absence of the chief increases respect". The artisans have security and a feeling of responsibility for the direction of their futures.

Eco Friendly Salt Lamps

Soothing, natural, & attractive lighting that looks stunning in any room.

Great night lights, perfect for those who need help to get to sleep.

Beautiful ambient lighting that doesn't cost the Earth!

Like you, we at Shared Earth care passionately about protecting the environment.

That's why our salt lamps come with LED light bulbs as these cut electricity consumption, carbon emissions and energy bills by 90% or more while giving just as much light.

TOP SELLER

Filigreee t-lite holders

Place these Indian t-lite holders against a wall and they transform the room, casting intricate lacework shadows that shift in the dancing flame of the candle. They make excellent gifts. Made with 50% recycled iron.
