## Cut work oil burners from Thailand

A stunning range of oil burners and incense holders featuring a beautiful blue glaze and a mix of textured sandstone or smooth glossy celadon glazing. What makes this collection extra special is the intricately hand cut patterns that adorn the surface of the porcelain, and the rich turquoise glazing.

We have met some of the highly skilled artisans on our trips to Thailand and have been hugely impressed by their craft skills. Employees are paid a fair wage and receive bonuses as incentives for hard work and punctuality. The working conditions are also very good.
