Bike chain, nuts and bolts

These bike chain products are made in a Fair Trade workshop in Moradabad, Northern India. The recycled chains come from two sources: 60% are collected from bicycle repair centres and 40% are cut-offs/loose waste from factories and big shops. Such quirky items always catch customers' attention and are excellent gifts for men and all passionate cyclists!

Recycled rag rugs

Rag rugs used to be made in Britain, in the olden days (not so long ago) when we didn't waste things that could be used again. As late as the 1960s, the rag n' bone man could still sometimes be seen in our streets on his horse and cart, tinkling his bell and shouting 'rag 'n bo-o-nes' as he went along (remember Steptoe & Son?). Rags – any form of clothing – were a valuable commodity, used for such purposes as carpet underlay, mattress stuffing and seats on trains and buses.
