Kisii stone is named after the Kisii people of the Tabaka Hills in western Kenya. It's a unique type of soapstone, beautiful in its natural state but takes dyes vibrantly, making it ideal for carving handmade gifts like these.

Djembe drums

A djembe is a rope-tuned, skin covered goblet drum played with bare hands, originally from West Africa. According to the Bambara people in Mali, the name 'djembe' comes from the saying 'anke dje, anke be' which translates to 'everyone gather together in peace'. We've been selling djembes from Bali for years and they continue to sell well.
