We hope you like this quirky new design of cats and dogs (and a rabbit). Fruit and veg are in fashion, we believe?

Fruit n' veg keyrings

We just love these cartoon style fruits and vegetables from India! They're made with felt, and if you're not getting enough vitamins and minerals, maybe they will help to remind you when you get your keys out, 'yes, I must cook some carrots/parsnips or eat some fruit today'. The artisans loved making them; if any are out of shape at all, it's probably because they were laughing so much they put a stitch or two in the wrong place...

Spark plug figures

We still have a few of these quirky figures from Kenya left – buy now while stocks last! They're made in one of Nairobi's slums and they're a great example of recycling at its most imaginative and nuttiest, using spark plugs and other metal scraps.
