Recycled Glassware

Crisil is our first supplier from Bolivia, and our first container of this high quality glassware almost sold out as soon as it arrived. Crisil is a small family-run business which provides income for over 500 families, although unfortunately they've been hit hard by Covid. It's a great eco product, using 100% recycled glass, which is broken up, washed and melted before being mouth-blown and shaped into glasses, jugs and other products. Top quality which we highly recommend.

Recycled glasses & tumblers

What could be a better example of recycling than to make glasses out of old bottles? This exciting Fair Trade range is produced in Tanzania. Recycled Fair Trade produced in Africa: these products make perfect gifts!

The top half of the bottle and the base is used to make the glasses, and the bottom half to make the tumblers.

AFR18701
2 tumblers,
recycled Heineken bottle

AFR18700
2 tumblers,
recycled Savanna cider bottle

AFR18703
2 wine glasses,
recycled green bottle

AFR18702
2 tumblers,
recycled Tangawizi bottle

AFR18704
2 wine glasses,
recycled clear bottle

Please note: the bases of the wine glasses are glued and not fused so this product is not suitable for high temperature washes in dishwashers. We are working with the supplier to source new glues to provide an even better product for the future.

Wine racks & bottle holders

How to store your wine bottles and be cool at the same time...

A perennial problem, and we can solve it for you with these wine racks and holders made from recycled bike chains. They're a fantastic gift, and excellent sellers.

Note: the ones with handles have apertures of 8cm, and fit Bordeaux type wine bottles, and many beers and spirits. The wine racks have 9.5cm apertures, and will fit larger bottles, even champagne.
